Treating White Spots New Caries Infiltration Technique

White spots: We all see them, and often wonder what we can do about them. It is reasonable to say that every clinical dentist will see a fair number of patients who have white spot lesions on their anterior teeth. The dilemma is how to treat these spots. Certainly, there are invasive methods such as ...

Clinical Use Of Silver Diamine Fluoride A Peerreviewed

Silver diamine fluoride (SDF) has been used internationally for years for treating dentinal hypersensitivity and caries lesions. 1â€³ In 2014, it was cleared for use in the United States by the U.S. Food and Drug Administration for treating sensitivity, and was granted the FDAâ€™s breakthrough therapy designation for the arrest of dental caries in 2016. 4,5 This is a cost effective, minimally ...
